About Perion Network Ltd.

Perion is a global technology company that delivers holistic strategic business solutions that enable brands and advertisers to efficiently "Capture and Convince" users across multiple platforms and channels, including interactive connected television – or iCTV. Perion achieves this through its Synchronized Digital Branding capabilities, which are focused on high impact creative; content monetization; its branded search network, in partnership with Microsoft Bing; and social media management that orchestrates and optimizes paid advertising. This diversification positions Perion for growth as budgets shift across categories.
